COMPANY PROFILE

CIVIL INFRAPROJECTS

CIVIL INFRAPROJECTS

We Are: -

Engineer's & Architectural Consultant, Construction, Estimation & Valuer, Structural & M.E.P Designers, Survey & Project Management Consultancy Services.

Address: -

6/262 Vineet Khand Gomti Nagar , Lucknow, U.P. Pin code -226022.
Contact.: 8960280506 e-mail: - civilinfraprojects@gmail.com

INTRODUCTION

M/s CIVIL INFRAPROJECTS have strong team with good educational background, which is supported by the experience and technical excellence in the civil engineering field.

This company was started in **Sep 2017**, it has capable (technically sound and experienced) staff to handle turnkey projects. In the last Five years companies has Provided Consultancy services and undertake Structural Designing, Supervision & Execution of Building projects in Respect of Industrial, Commercial, Residential, Institutional, Public Buildings, Complexes and all kind of Interior projects.

ABOUT OFFICE:

M/s Civil Infraprojectsis presently in 6/262 Vineet Khand Gomti Nagar Lucknow, U.P. Pin code -226022

Salient features of our existing and proposed infrastructure, to ensure proper services to all our clients, are as below:

Experts from all streams of planning, site development, structural designing, construction and valuer fields are in the staff. Their experience in their specified fields is the guarantee of our quality and value based services.

On-line communication for sending/receiving of data to effectively communicate with our site/client office.

Nature of Work

Provide Comprehensive **Civil Engineering** Services, Architectural, Designing, Construction, Estimation, Valuer, Structural Designing, MEP (Mechanical/Electrical/Plumbing) Designing, Servey and Project Management Consultancy Services.

Work Team

Engineers, Architects, Construction, Valuer, Structural, Landscape, M.E.P Designers, & Project Management Consultancy Services

DETAIL INFORMATIONS

Name of Organization :-M/s **Civil Infraprojects**

Head Office :-6/262 Vineet Khand Gomti Nagar, Lucknow (U.P)

Pin code -226010.

Description of Consultant: - Partnership Firm

1. Director : -Rahul biswas
2. Director : -Ashok biswas

Contact. No. : - +91-8960280506, 8090927936

E-mail : - civilinfraprojects@gmail.com

CAPABILITIES OF THE COMPANY

- Construction
- Survey work
- Soil testing
- Architectural drawings
- Estimation, Costing & valuation
- R.C.C Structure Design
- Electrical, plumbing & sanitary
- Interior designers
- Landscape & road Arboriculture
- Quality control
- Project management & planning (P.M.C)
- Construction Safety & management.

Office Address- 6/262 VINEET KHAND GOMTI NAGAR, LUCKNOW (U.P.) Pin Code- 226022
Contact No. - 0522-4314737, +91-8960280506, Email ID- civilinfraprojects@gmail.com

A Brief description about above work-

Estimation and Costing

Estimating is the technique of calculating or computing the various quantities and the expected Expenditure to be incurred on a particular work or project. In case the funds available are less than the estimated cost the work is done in part or by reducing it or specifications are altered, the following requirement are necessary for preparing an estimate.

1. Drawings like plan, elevation and sections of important points.
2. Detailed specifications about workmanship & properties of materials etc.
3. Standard schedule of rates of the current year.

Civil Infraprojects .has the highly experienced and trusted professional staff to provide a wide range of services with emphasis on:

1. Preliminary or Approximate estimate.
2. Detailed estimate.
3. Revised estimate.
4. Supplementary estimate

Structure Design

An engineer is made to make designing a safe, serviceable, durable structure, for its intended use over the life span of the structure, using available cheaper material without sacrificing quality, so as to effect economy. The stability of a structure design to requires that its components be so designed and constructed as to render maximum benefit with minimum cost. To handle these ever-growing complexities and saving time, we used computer software for designing all R.C.C. and other civil engineering structure.

Civil Infraprojects .has highly experienced and trusted professional staff to provide a wide range of services with emphasis on:

1. Foundation (R.C.C. structure, Retaining wall and Masonry structure etc.)
2. Multi Stories Design (Beam, Column and Slab etc.)

Survey work

It is the art of determining the relative positions of points on, above or beneath the surface of the earth by means of direct or indirect measurements of distance, direction and elevation. The knowledge of surveying is advantageous in many phases of engineering. Practically, every engineering project require survey such as:

Water supply, Waste water scheme, Building, monuments, fields, borders.

Before plans and estimates are prepared, boundaries should be ascertained. After the plans are made, the structures may be constructing on the ground.

Civil Infraprojects. have strong expert engineer's team for survey work. The services in this category:

Topographical / Leveling/Contouring by using Total station, Theodolite and other leveling instruments. Physical survey by using Total Station instrument.

Building Construction

The three things are essential for human being existing: (I) Food, (II) Cloth and (III) Building. Without it, there can be no life. Every human being requires these things.

At this time every human being wants to build his house with minimum cost and good aesthetic plan. For this purpose, human being approach to good architects / engineers for preparation of plan and construction of building.

Civil Infraprojects. has highly experienced and trusted professional staff to provide a wide range of services with emphasis on:

1. Designing of building by experienced architects.
2. Management of building construction.
3. Cost estimation of building work .
4. Planning for completion of the project on time within controlled economy.

We have an expert team of engineers for construction & quality inspection of structure and building materials which includes material quality test in Labs as well on site test like NDT test and other civil engineering works.

P.M.C

(Project Management Consultancy)

As builders and contractors, we used to face several problems while executing construction projects. We realized that very few construction organizations had systematic approach to project execution. They often overlooked basic site set-up like labor hutments, water provision and storage, power arrangement, machinery and equipment, manpower planning, etc. This disturbs systematic and organized work on the site leading to wastage of time, effort, energy and money.

This experience led Needs to specialize in Project Management Consultancy. We provide a wide range of Project Management Consultancy services from managing the construction of a project to directing the entire process from conception to completion.

PMC helps relieve client of most exceptional responsibilities of the project. It enables the client to focus on his core business and tasks.

Office Address- 6/262 VINEET KHAND GOMTI NAGAR, LUCKNOW (U.P.) Pin Code- 226022
Contact No. - 0522-4314737, +91-8960280506, Email ID- civilinfraprojects@gmail.com

Civil Infraprojects. have strong expert engineer's team for survey work. The services in this category:

1. Site set-up (site planning like lab hutments, water & power management etc.)
2. Quality inspection under standard supervision in labs & at site.
3. Construction Planning & management (PERT, CPM, Timeline progress chart, financial progress chart)
4. Co-ordination with other consultants.
5. Technical inspection & site supervision.
6. Helping vendor and contractor finalization.
7. Entering into contract with them.
8. Assignment allocation of clients' staff (if staff is appointed by client)
9. MIS
10. Material management
11. Site safety measures
12. Environmental safety & pollution control measures.

THANK YOU.
